

Scholarships for Military Children Program

If your mother or father is active duty, reserve/guard, or retired military personnel or you are the survivor of a deceased member, and you have a military dependent I.D. card you can apply! You must be planning to attend a college or university on a full-time basis.

The Scholarships for Military Children Program was created to recognize the contributions of military families to the readiness of the fighting force and to celebrate the role of the commissary in the military family community. Only dependent unmarried children under age 21 (23 if enrolled as a full time student) of active duty personnel, reserve/guard and retired military members, or survivors of deceased members, may apply for a scholarship. Dependent children of NOAA (National Oceanic and Atmospheric Administration), Public Health Service, other federal or military related agencies or activities, or DoD civilian employees are not eligible unless they meet the above requirement. Applicants should ensure that they, as well as their sponsor, are currently enrolled in the Defense Enrollment Eligibility Reporting System (DEERS) database and that they have a current ID card. The DEERS database will be the primary method of verifying eligibility. Applicants must be enrolled, or planning to enroll, in a full-time undergraduate degree program at an accredited college or university in the fall term of 2008. Applicants who have earned an undergraduate degree or who are enrolled in a graduate degree program are not eligible. All applicants must also have a minimum GPA of 3.0 (on a 4.0 basis) to be eligible to apply. The minimum GPA requirement applies to both high school and college students. Students attending a community or junior college must be enrolled in a program of studies designed to allow the student to transfer directly into a four-year program. Applicants who receive an appointment to one of the U.S. Military Academies (or affiliated preparatory schools) or are awarded a full scholarship at any accredited U.S. post-secondary institution of higher education are not eligible to receive funds from this program. A full scholarship is usually defined as one that provides for payment of tuition, books, lab fees, and other related expenses. Applicants, or their sponsors, need not live at an installation that has a commissary. Applicants may submit their application at any commissary, however it is recommended that they submit the application where their sponsors normally shop or closest to where their sponsors live. It is the sole responsibility of the applicant to ensure the commissary receives the application. If it is not possible (due to distance considerations) for the applicants to submit their applications in person, they may also mail, UPS, or FedEx their completed applications to the commissary nearest to where their sponsor is stationed. Applicants who choose this method must contact that commissary and obtain the name of a person to whom the package will be directed. (A complete list of commissaries, along with phone numbers, can be found at www.commissaries.com). Note: Do not request a application via mail. Either visit your nearest commissary for an application or download one from this website. [Click here](#)
